

J. ROCKETT AUDIO DESIGNS

Controls

- **Boost/Volume:** Turn right to increase volume, turn left to decrease volume.
- **Chime:** Turn right to increase that magical Sampson “chime”, turn left to decrease it.

Settings

The Max Boost/Enhancer was originally created as a level boost to compensate for long cable runs, however, it is not just a clean boost. The Max will enhance all the frequencies, extending the lows, mids, and highs. If you value just hitting the front end of your amp, this pedal excels at that natural, pushed amp sound. It can also be used subtly to create a magical chime to your clean sound. It is simple in design but extremely powerful in its uses!

Power Supply

All J. Rockett Audio Designs pedals operate off of the standard BOSS type 9 volt adapter or a single 9 volt battery. The power input is a 5.5 mm x 2.1 mm jack with the positive voltage on the outer sleeve. Using an external power supply will automatically disconnect the battery. Disconnect the input jack to preserve battery life when not in use or when not used with an appropriate, external power supply.

Warranty

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at chris@rockettpedals.com or jay@rockettpedals.com or call us at 760-419-1345.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at 760-419-1345. No other warranty is expressed or implied.
